GENERAL TOOL SAFETY WARNINGS & SPECIFICATION

WARNING Read all safety warnings and all instructions. Failure to follow the warnings and instructions may result in serious injury.

Save all warnings and instructions for future reference.

- a) **Do not exceed weight capacities for the Workbench shelves and drawers. Be aware of dynamic loading!** Sudden load movement may briefly create excess load causing product failure.
- b) Use only on flat, level and hard surfaces capable of supporting the Workbench and any item(s) placed on Workbench. Evenly distribute load on Table to avoid tipping.
- c) Use as intended only. Do not use Workbench to perform task for which it was not designed.
- d) For indoor use only.
- e) Assemble only according to these instructions. Improper assembly can create hazards.
- f) Wear ANSI-approved safety goggles and heavy-duty work gloves during assembly and use.
- g) Keep assembly area clean and well lit.
- h) Keep bystanders out of the area during assembly.
- i) Do not assemble when tired or when under the influence of drugs or medication.
- j) This product is not a toy. Do not allow children to play with, on or near Workbench.
- k) Inspect before every use; do not use if parts are loose or damaged.

ASSEMBLY INSTRUCTIONS

Using the Coach Bolts (x4) insert through the side legs to attach the bottom support panels and fully tighten using the spanner provided.

Repeat this process four times for the bench to then look like the below image.

Lift the cabinet up and slide into the frame

Using the Coach Bolts (x4) insert through the side legs to attach the top support panels and fully tighten using the spanner provided.

Repeat this process four times for the bench to then look like the below image.

Use the Coach Bolts already fitted to the side legs and attach the table top (do not tighten the four bolts until the table top is fully lined up)

ASSEMBLY INSTRUCTIONS

The bench will then look like this image below

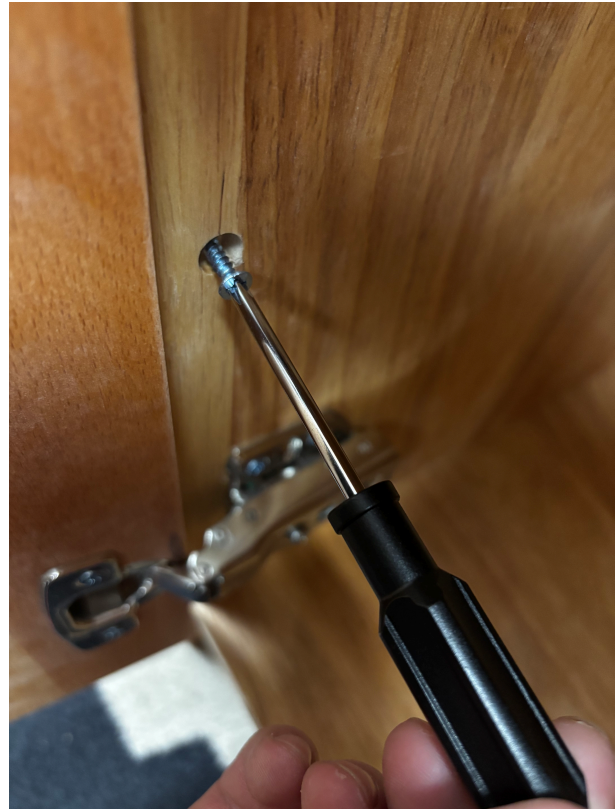

Using the short blue screws, attach the black metal handles to the cabinet doors.

Using the long silver screws, attach the black handles to the drawers.

Inside the left/right cabinets you will see a hole to insert the blue screws, this is to keep the cabinet from moving around when rearranging your workshop, or adding and taking out tools from the cabinets and drawers.

Attach both front and right side vice to the table top.

ASSEMBLY INSTRUCTIONS

Add the metal dogs to your chosen location on the table top

Your bench should then be complete and look like the below image.
